THIRD QUARTERLY RESULTS ANNOUNCEMENT FOR THE NINE MONTHS ENDED 31 MARCH 2018

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

*This announcement, for which the directors (the “**Directors**”) of ISP Global Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.*

MANAGEMENT DISCUSSION AND ANALYSIS

Development of business and prospects

The Group is engaged in the sales, installation and maintenance of sound and communication system solutions, and alert alarm systems in Singapore.

For the nine months ended 31 March 2018, the Group recorded a net loss of approximately S\$2.6 million as compared to a net profit of approximately S\$1.0 million for the same period in 2017. The Directors are of the view that the net loss was primarily due to the non-recurring listing expenses of approximately S\$2.7 million incurred during 2018. Setting aside the listing expenses, the Group's net profit for the nine months ended 31 March 2018 would be approximately S\$0.1 million. In view of the fact that there has been an increasing number of project quotation invitations received by the Group from potential and current customers, and that the net proceeds from the Share Offer (as defined herein) are expected to allow expansion of the Group's operational capacity, the Directors are cautiously optimistic about the Group's business outlook.

Outlook

The Shares were listed on GEM on 16 January 2018 (the "**Listing Date**") by way of share offer (the "**Share Offer**"). The Group always strives to improve our operation efficiency and profitability of our business. The Group plans to expand our manpower capabilities, and fleet of machinery and equipment, which will enhance our resources to bid for future projects. The Group will also proactively seek opportunities to expand our customer base and our market share and undertake more sound and communications projects which will enhance value to our shareholders.

The net proceeds from the Share Offer will thereby provide financial resources to the Group to meet and achieve our business objectives and strategies which will further strengthen the Group's market position in sound and communication system services sector.

Financial review

Revenue

For the nine months ended 31 March 2018, the Group's revenue amounted to approximately S\$6.2 million. The Group's revenue had increased by S\$0.3 million or 5.5% when compared to the same period in 2017. The increase in revenue was mainly due to increased amounts of contracts awarded during the period in 2018.

Gross profit margin

Our gross profit decreased by approximately S\$0.1 million or 3.5%, from approximately S\$2.2 million for the nine months ended 31 March 2017, to S\$2.1 million for the nine months ended 31 March 2018. The Group's gross profit margin decreased from 36.8% for the nine months ended 31 March 2017, to 33.7% for the nine months ended 31 March 2018. The decreases were due to the Group's substantial increase in subcontractor costs, incurred due to the lack of manpower and for the timely completed projects in the integrated services for sound and communication systems segment during the nine months ended 31 March 2018. However, the Group will strive to reduce costs and reliance on subcontractors by expanding our labour force so as to increase our gross margins in future projects.

Administrative expenses

Administrative expenses increased by approximately S\$0.7 million or 79.4%, from approximately S\$0.9 million for the nine months ended 31 March 2017, to S\$1.6 million for the nine months ended 31 March 2018. The increase was due to the increase in directors' remuneration and staff costs as a result of the increment in employee headcount during the nine months ended 31 March 2018. The increase in fixed staff costs is in line with the increase in number of projects undertaken during the nine months ended 31 March 2018, when compared to the nine months ended 31 March 2017.

Other expenses and losses

Other expenses and losses increased by approximately S\$2.8 million, from approximately S\$29,000 for the nine months ended 31 March 2017, to S\$2.8 million for the nine months ended 31 March 2018. The increase was mainly due to non-recurring listing expenses of approximately S\$2.7 million. The remainder of the increase was attributed to increased foreign exchange losses from settlement of expenses with professional parties, and loss on write-off of equipment.

Finance costs

Finance costs remained relatively stable at S\$0.05 million for the nine months ended 31 March 2018 (nine months ended 31 March 2017: S\$0.04 million).

Loss for the period

For the nine months ended 31 March 2018, the Group recorded a net loss of approximately S\$2.6 million as compared to a net profit of approximately S\$1.0 million for the same period in 2017. The Directors are of the view that the net loss was primarily due to the non-recurring listing expenses of approximately S\$2.7 million incurred during 2017. Setting aside the listing expenses, the Group's net profit for the nine months ended 31 March 2018 would be approximately S\$0.1 million.

Interim dividends

The directors do not recommend the payment of interim dividend for the nine months ended 31 March 2018 (nine months ended 31 March 2017: S\$0.3 million).
