MANAGEMENT DISCUSSION AND ANALYSIS

Development of business and prospects

The Group is principally engaged in the sales, installation and maintenance of sound and communication system solutions, and alert alarm systems in Singapore.

For the three months ended 30 September 2018 (the “**Relevant Period**”), the Group recorded a net gain of approximately S\$27.3 thousand as compared to a net loss of approximately S\$940.1 thousand for the same period in 2017. The Directors are of the view that the net gain was primarily due to the decrease in the non-recurring listing expenses (the “**Listing Expenses**”) of approximately S\$1,471.9 thousand incurred during the period in 2017.

Outlook

The Shares were listed on GEM on 16 January 2018 (the “**Listing Date**”) by way of share offer (the “**Share Offer**”). The Group always strives to improve our operation efficiency and profitability of our business. The Group plans to expand our manpower capabilities, and fleet of machinery and equipment, which will enhance our resources to bid for future projects. The Group will also proactively seek opportunities to expand our customer base and our market share and undertake more sound and communication system projects which will enhance value to our shareholders.

The net proceeds from the Share Offer will thereby provide financial resources to the Group to meet and achieve our business objectives and strategies which will further strengthen the Group’s market position in sound and communication system services sector.

The Group is currently assessing the viability of business expansion opportunities in the geographical territories of Malaysia and China. For the avoidance of doubt, in alignment with the proceeds of funds usage as disclosed in the Prospectus, the Group will not apply funds obtained from the Share Offer in connection with the abovementioned business expansion. Instead, the Group will expect to apply funds generated from operating cash flows in operating subsidiary ISPL Pte Ltd (“**ISPL**”).

Being a sound and communications systems solution provider in Singapore, the Group is well-placed to respond to these changing needs with effective communication through its stakeholder channels. Looking forward, the Group will remain cautiously optimistic of our business and expansion opportunities in Singapore and the Asia Pacific region.

Financial review

Revenue

Our revenue decreased to approximately S\$1.6 million for the Relevant Period by approximately S\$1.2 million or 41.9%, from approximately S\$2.8 million for the period ended 30 September 2017. This was principally due to site delays in our sales of sound and communication systems and related services projects during the Relevant Period. Less projects being awarded to the Group in the integrated sales of sound and communication segment also attributed to the further decrease in revenue.

Costs of sales/services

Our costs of sales/services decreased to approximately S\$1.1 million for the Relevant Period by approximately S\$0.6 million or 34.3%, from approximately S\$1.7 million for the period ended 30 September 2017. The decrease in costs was substantially due to a decrease in materials purchased which was in line with the decrease in revenue during the Relevant Period.

Gross profit margin

Our gross profit decreased to approximately S\$0.5 million for the Relevant Period from approximately S\$1.1 million for the period ended 30 September 2017. The Group's gross profit margin decreased from 38.8% for the period ended 30 September 2017 to 30.8% for the Relevant Period. The decrease was principally due more manhours incurred to complete labour intensive projects within the sales of communication systems and related services segment, thus increasing labour costs during the Relevant Period when compared to the same period in 2017.

Other income, gains and losses

Our other income, gains and losses increased to approximately S\$45.4 thousand for the Relevant Period, by approximately S\$77.4 thousand, from losses of approximately S\$32.0 thousand for the period ended 30 September 2017. This increase was mainly due to the foreign exchange gains of monetary assets held in currencies other than S\$, such as US\$ and HK\$, which had appreciated against the S\$. We also recorded an increase in interest income from fixed deposits which further contributed to the increase in other income.

Administrative expenses

Our administrative expenses increased to approximately S\$498.5 thousand for the Relevant Period, by approximately S\$67.0 thousand or 15.5%, from approximately S\$431.5 thousand for the period ended 30 September 2017. The increase was mainly due to both the increased compliance and listing fees, and the increased payroll costs, which were in turn, in line with the increased headcount and annual salary increments.

Finance costs

Our finance costs decreased to approximately S\$11.8 thousand for the Relevant Period, by approximately S\$5.5 thousand or 31.8%, from approximately S\$17.2 thousand for the period ended 30 September 2017. The decrease was mainly due to the partial repayment of mortgage loan principal during the Relevant Period.

Income tax expense

Our income tax expense decreased to approximately S\$7.9 thousand for the Relevant Period, by approximately S\$62.1 thousand or 88.7%, from approximately S\$70.0 thousand for the period ended 30 September 2017. The decrease was substantially due to the decrease in income tax expenses in Singapore subsidiary ISPL, which was in line with the decrease in ISPL's profits before taxation.

Profit representing total comprehensive income for the period

The Group recorded a profit representing total comprehensive income approximately S\$27.3 thousand for the Relevant Period. Compared to the total comprehensive loss with approximately S\$940.1 thousand for the period ended 30 September 2017, the increase is principally caused by the decrease in non-recurring Listing Expenses of approximately S\$1,471.9 thousand.

Dividends

The Directors do not recommend the payment of dividend for the Relevant Period (period ended 30 September 2017: S\$ nil).
